

519

[illegible]

This image shows a severely degraded scan of a manuscript page, identified as folio 9v. The page is almost entirely black, with only faint, illegible traces of Arabic script visible. A large, dark, irregular shape in the center suggests the presence of a diagram or illustration, but its details are completely obscured by the poor quality of the scan. The overall appearance is that of a heavily damaged or underexposed historical document.
